

Amazing Grace Baptist Camp COVID-19 Response Policies

In order to do our part to comply with local government directives and to safeguard the wellbeing of all camp employees and guests, the ministry of AGBC is adopting the following policies in response to the COVID-19 pandemic.

What we're doing to keep you safe:

- Notices encouraging hand-washing, hand-sanitization, and face coverings will be posted in all buildings.
- Hand-washing stations and/or hand sanitizer will be readily available in all camp buildings.
- As per our usual procedures, all dining tables, countertops, and serving areas will be thoroughly cleaned and disinfected between meals. Food storage and preparation as well as dish and equipment cleaning procedures are in accordance with regulations set forth by the State of Kansas for food service establishments. In addition, staff will disinfect door knobs, light switches, chairs, and other frequently-touched surfaces multiple times throughout the day.
- All food will be pre-portioned or served by workers wearing gloves and face coverings.
- Dining tables will be distanced as much as space allows.
- Camp employees will wear face coverings when interacting with guests on-site when not able to maintain adequate social distancing.
- Guests staying in camp housing should sleep with beds arranged head-to-toe to ensure sufficient distancing between individuals.
- We will increase the space between chairs in the Chapel and encourage members of the same party or family group to sit together.

What you need to know before coming to camp this fall:

- We ask that those exhibiting symptoms of illness refrain from coming to camp events.
- We ask that all guests be fever-free for at least 24 hours before coming to camp.
- At check-in, each guest will be asked to complete a one-time temperature check and confirm that they are free of COVID-19 to the best of their knowledge and are not exhibiting symptoms.
- Face coverings will be available for guests to take at check-in and will be encouraged but not mandated.
- At check-in, each guest will be provided with a color-coded wristband to wear throughout the event to indicate the extent of social distancing they wish to practice.
 - Red = No Contact – *6 feet apart, no exceptions*
 - Yellow = Elbows Only – *Still being cautious*
 - Green = High-Fives & Handshakes – *Frequent hand-washing*
